Energy Efficiency Rating

The graph shows the current energy efficiency rating of this home.

The higher the rating the lower your fuel bills are likely to be.

The potential rating shows the effect of undertaking the recommended measures on page 3.

The average energy efficiency rating for a detached house in England and Wales is band D (rating 60).

The EPC rating shown here is based on standard assumptions about occupancy and energy use. It may not reflect how energy is consumed by individual occupants.
