# Energy performance certificate (EPC) 2 Seawood Place GRANGE-OVER-SANDS LA11 7AR Energy rating Certificate number: 0380-2610-8230-2727-2831 Property type Top-floor flat 112 square metres

# Rules on letting this property

# You may not be able to let this property

This property has an energy rating of F. It cannot be let, unless an exemption has been registered. You can read <u>guidance for landlords on the regulations and exemptions</u> (<a href="https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance">https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance</a>).

Properties can be let if they have an energy rating from A to E. The <u>recommendations section</u> sets out changes you can make to improve the property's rating.

# **Energy rating and score**

This property's current energy rating is F. It has the potential to be C.

<u>See how to improve this property's energy efficiency.</u>

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

# Breakdown of property's energy performance

## Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Sandstone or limestone, as built, no insulation (assumed)	Poor
Roof	Roof room(s), no insulation (assumed)	Very poor
Window	Fully double glazed	Good
Main heating	Electric storage heaters	Average
Main heating control	Manual charge control	Poor
Hot water	Electric immersion, off-peak	Very poor
Lighting	Low energy lighting in 71% of fixed outlets	Very good
Floor	(another dwelling below)	N/A
Secondary heating	Room heaters, electric	N/A

#### Primary energy use

The primary energy use for this property per year is 788 kilowatt hours per square metre (kWh/m2).

#### Additional information

Additional information about this property:

Stone walls present, not insulated

# How this affects your energy bills

An average household would need to spend £5,595 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could **save £4,238 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2023** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

# **Heating this property**

Estimated energy needed in this property is:

- · 25,733 kWh per year for heating
- 2,271 kWh per year for hot water

Impact on the envir	onment	This property produces	15.0 tonnes of CO2
This property's current environmental impact rating is G. It has the potential to be D.		This property's potential production	4.2 tonnes of CO2
Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year. CO2 harms the environment.  Carbon emissions		You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.	
Carbon emissions			
An average household produces	6 tonnes of CO2	These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.	

# Changes you could make

Step	Typical installation cost	Typical yearly saving
1. Flat roof or sloping ceiling insulation	£850 - £1,500	£161
2. Room-in-roof insulation	£1,500 - £2,700	£2,728
3. Internal or external wall insulation	£4,000 - £14,000	£545
4. Low energy lighting	£20	£48
5. High heat retention storage heaters	£2,000 - £3,000	£757

## Help paying for energy improvements

You might be able to get a grant from the <u>Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme)</u>. This will help you buy a more efficient, low carbon heating system for this property.

## Who to contact about this certificate

## Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name Amber Kitching Telephone 01189770690

Email <u>epc@nichecom.co.uk</u>

#### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme Elmhurst Energy Systems Ltd

Assessor's ID EES/027534
Telephone 01455 883 250

Email <u>enquiries@elmhurstenergy.co.uk</u>
